LIFE PRIORITIES

DEFINITION	EXAMPLES
Life priorities are the values and activities that individuals deem most important in their lives. They guide decision-making, influence behavior, and shape one's overall life trajectory. These priorities can vary widely among individuals based on personal beliefs, experiences, and circumstances.	<ul style="list-style-type: none">Family and Relationships: Building and maintaining strong bonds with loved ones can provide emotional support and enrich life experiences.Career and Passion: Pursuing a meaningful career or passion can provide purpose and a sense of fulfillment.

We are the Pilgrims, master; we shall go
Always a little further: it may be
Beyond the last blue mountain barred with
snow,
Across that angry or that glimmering sea,
White on a throne or guarded in a cave
There lives a prophet who can understand
Why men were born: but surely we are brave,
Who take the golden road to Samarkand.
